ANSSELL HAND PROTECTION SOLUTIONS FOR DENTISTRY

## BIG on small DETAILS

MICRO-TOUCH DENTA-GLOVES are specifically designed with small details that help dental professionals deliver big patient experiences.

**FOR THE PATIENT**  
Manufactured to higher standards and tested safe for oral examination

**FOR YOU**  
Ergonomically designed with a focus on total hand health

**FOR YOUR PRACTICE**  
Smartly packed and priced for optimum value

## TECHNOLOGIES

Ergonomic Design Technology reduces muscle effort that can cause stress on joints, ligaments and tendons, improving productivity.

Technology uses a moisturizing inner coating to help retain moisture for healthier skin.

Inner coating contains allantoin, collagen and silicone that promotes soft and supple skin.

**MICRO-TOUCH® DENTA-GLOVE®**
