All Ansell currently produced products comply to the requirements of Annex XVII (including relevant amendments) related to the '*restriction on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles*'.

With respect to the Candidate list with "Substances of very high concern (SVHC) for Authorization", published by the European Chemical Agency (ECHA) and last amended on June 27, 2024, and as required by Article 33 of the REACH Regulation, we confirm that **none** of our products currently contain SVHC substances in excess of 0.1 % weight by weight imported in the EU-EMEA markets.
