

# SANDEL® STAT-STRAP™ PATIENT POSITIONING STRAP

O . R . T U R N O V E R S O L U T I O N S

## Disposable straps for optimal patient positioning

Patient positioning straps are used to safely and comfortably position patients on the operating room table, cystoscopy tables, gurneys and more. Our one piece design is compatible with any table style and enables quick and easy placement.

### KEY FEATURES & BENEFITS

- Single patient use to ensure cleanliness of the strap
- Fit around all areas of the body, including the thighs and legs
- Can be used in imaging or surgical applications
- More than double the width of standard straps for maximum security
- Simple and strong hook and loop attachment

### SANDEL®

#### Anticipate the Unexpected

Developed in collaboration with clinical professionals, SANDEL products are designed to address key high-risk areas in the healthcare environment. These innovative safety solutions enable healthcare workers to do their job safely while improving patient outcomes.
