

Previously known as: MICROGARD<sup>®</sup> 2000 STANDARD - Model 111

### Superior, breathable microporous laminate suit designed for industrial applications.

- **Specialized protection:** The AlphaTec<sup>®</sup> 2000 STANDARD Bound - Model 111 grants wearers moderate chemical protection\*, resisting liquid and particulate biological hazards (including radioactive particulates\*\*)
- **Added defenses:** This protective body suit also meets EN 14126 and ASTM F1670/1671 standards for bloodborne pathogen protection and DIN 32781 requirements for pesticide resistance
- **Advanced breathability:** The use of microporous polyethylene laminate nonwoven fabric makes it water vapor-permeable, reducing heat stress
- **Certified antistatic capabilities:** In addition, this protective suit satisfies EN 1149-5 antistatic standards
- **Reduced cross contamination risks:** Low-linting fabric lessens cross contamination risk in critical areas
- **Limited allergy and surface defect risks:** Latex- and silicone-free by design, risks of Type IV latex allergies or contaminant transfer to metal when spray-painting are minimized
- **Enhanced fit and features:** This chemical-protective suit's optimized fit and finger loops enhance comfort and user-friendliness, while a three-piece hood provides added protection and a two-way front zipper with resealable storm flap enhance practicality

*\*CE Category III Type 5/6 protection \*\*in accordance with EN 1073-2 standards*

## Industries

- Life Sciences
- Automotive
- Metal fabrication
- Food Processing
- Defense
- Agriculture
- Automotive Aftermarket
- Chemical
- Machinery and Equipment
- Oil and gas
- Utilities
- Emergency Medical Services

## Applications

- Clean room cleaning and preparing
- Production line support & maintenance
- Veterinary Services
- Cleaning of plant and machines
- Maintenance of plant and machines
- Body painting including surface inspection

## KEY FEATURES & BENEFITS

- **Protective barrier:** Increased personal protection
- **Microporous laminate fabric:** Lowered risk of heat stress
- **EN 14126- and ASTM F1670/1671-certified:** Resists bloodborne pathogen

## Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL, 3XL, 4XL, 5XL
Color	White
Country Of Origin	China
Packaging Overview	Individually Packed
Product Material	Microporous polyethylene Laminate non-woven
Product Reference	2000 STANDARD - Model 111
Standards Overview	CE CATEGORY III (Type 5-B, Type 6-B, EN 1073-2, EN 14126, DIN 32781, EN 1149-5)
Seam Type	Bound
Shelf Life	5 years
Style Number	W20B111

## Suit components & accessories

### Suit Components and Accessories

#### Design Features

Coverall, 3-piece hood, 2-way front zipper with resealable storm flap, finger loops. Elasticated hood, waist, wrists and ankles.
