

## Medium-duty PVC apron with sealed grommets, protecting users from acids, bases, oils, fats, cuts, and abrasion

- **Specialized protection:** The AlphaTec® 56-001 protective apron is made with 7-8 mil PVC material and features a sewn-edge finish, offering wearers resistance against various chemicals, acids, bases, oils, fats, punctures, and abrasion
- **Optimized fit:** Thanks to its permanently sealed PVC grommets and three-piece 28-inch ties, this protective apron enables size adjustment without tear-out, ensuring durability and an adjustable, consistent fit
- **Enhanced flexibility:** Its unique PVC construction is also highly flexible, for truly easy-to-wear personal protection

### Industries

- Food Processing
- Life Sciences

### Applications

- Packing of fillets and ground meat
- Canning
- Bottling
- Storing and transportation
- Equipment maintenance and repair
- Plant disinfection and sanitization
