

58-008

Extended length chemical protection

Nitrile polymer gloves with an extended full-arm cuff for enhanced chemical resistance

- Specialized protection: AlphaTec[®] 58-008 nitrile polymer gloves offer Type A chemical protection under the new ENISO 374:2016, ensuring superior personal protection against oils, fats, greases and hydrocarbons, besides providing excellent mechanical protection
- Enhanced features: These safety gloves feature an extended and wide cuff, which affords increased chemical protection to the forearm and allows the wearer to don it over protective clothing
- Improved grip: Lozenge grip pattern on AlphaTec[®] 58-008 nitrile polymer gloves deliver enhanced grip performance in dry and wet conditions, besides improving dexterity and reducing hand fatigue

Industries

- Agriculture
- Automotive
- Automotive Aftermarket
- Chemical
- Food Processing
- Life Sciences
- Metal fabrication
- Oil and gas
- Recycling and Waste Disposal

Applications

- Assembly & inspection of components
- Oil, fluids and filter change
- Painting or cleaning tools or robots
- Plating, coating, sealing, painting
- Handling incoming goods
- Transferring liquids and solids
- Opening and draining pumps valves or
 lines.
- Loading and unloading of proces equipment
- Transferring liquids and solids between vessels and tanks and process equipment
- Opening furnaces draining pumps valves or lines and crackers BTX process

58-008Extended length chemical protection

Key Features

• Nitrile polymer gloves: Excellent mechanical and chemical protection

• Extended and wide cuff: For full arm protection

• Lozenge grip pattern: Enhanced grip and dexterity
