

# 66-662 Bib Overall

NFPA 1990 (NFPA 1992) certified biboverall is breathable, re-usable and chemical-splash-resistant.

# NFPA 1990 (NFPA 1992) certified, liquid-chemical splash resistant bib-overall providing outstanding comfort and durability.

AlphaTec $^{\circledR}$  6666x series bib-overall is made of polyester based fabric containing a breathable membrane. It offers exceptional liquid chemical splash protection, while also helping to manage heat stress by allowing body heat to disperse through the fabric. The worker is protected and comfortable throughout a full shift.

Design features include:

- Adjustable hook and loop closure straps at the legs for a snug fit
- Adjustable straps with parachute buckles

### Industries

- Chemical
- Food Processing
- Mining
- Maintenance
- Metal fabrication

### **Applications**

- Plant disinfection and sanitization
- Chemical Handling
- Repair and maintenance
- Oil Platforms
- Mining
- Metal Plating
- Food Processing
- Sanitation
- Utilities
- Pulp and Paper Production
- Energy
- Water plants
- Transport if hazardous substances

### **KEY FEATURES & BENEFITS**

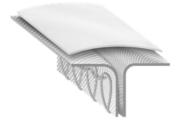

- Chemical splash fabric provides protection with penetration data for more than 70 chemicals
- Breathable fabric maximizes comfort, reducing the risk of heat stress and increasing productivity
- Adjustable straps with parachute style buckles
- Hook-and-loop fastenings at legs
- Durable laminated fabric system is machine washable for longer, cost-effective service life
- Certified according to NFPA 1990 (NFPA 1992)

### **Performance Standards**

### **Product Information**

Product Information	
Seam Type	Stitched and Taped
Weight	237gsm
Standards Overview	<ul> <li>NFPA 1990 (NFPA 1992)</li> <li>ASTM F1671 - Resistance to bloodborne pathogens</li> <li>EN 1149-5 - Electrostatic properties</li> </ul>
Country Of Origin	Canada

### **Suit Components & Accessories**

Components and Accessories	
Seam Type	Stitched and Taped
Color	Red
