

11-645

Trusted comfort with 2x more cut resistance*

Mechanical protection gloves granting superior cut resistance and optimal comfort

- Heightened defenses: HyFlex[®] 11-645 protective gloves leverage INTERCEPT[™] Cut Resistance Technology to deliver 2x greater cut resistance*
- Elevated comfort: These cut-resistant gloves provide the fit and feel of lighter protection levels while meeting ANSI/ISEA 105-2024 CUT A4 and EN ISO D safety standards
- Improved durability: Owing to their skin-friendly PU coating**, these hand protection gloves afford superb durability for dry and slightly oily applications
- Added feature: In addition, these HyFlex[®] gloves allow wearer to use multiple touchscreen devices without having to remove their gloves
- Reduced contamination risk: As these industrial gloves are silicone-free, they prevent contaminant transfer to metal before painting
- Guaranteed skin-friendliness: HyFlex[®] 11-645 polyurethane gloves also possess Dermatest[®] and Oekotex certification

*Versus similar gloves made of standard HPPE yarn **Low DMF content <100ppm compared to industry standard <1000ppm

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Assembly of sharp parts
- Handling metal sheets & panels
- Maintenance
- Inspection (picking, checking and marking)

11-645

Trusted comfort with 2x more cut resistance*
