

Durable material providing an effective barrier against a range of inorganic chemicals and biological agents..

- **Optimized defenses:** AlphaTec® 3000 Cape Hood with Visor Welded and Taped – Model 508 is designed with a protective multi-layer barrier fabric, which is extremely effective against a range of harmful inorganic chemicals and biological hazards
- **Increased visibility:** With their highly visible bright yellow color, these chemical protective garments reinforce the safety of workers
- **Lightweight feel and heightened durability:** Lightweight and durable, this protective overgarment ensures sustained comfort and durable coverage for its wearers
- **Reduced contamination risks:** As it is low linting, this protective garment minimizes the risk of product contamination

Industries

- Chemical
- Mining
- Oil and gas
- Life Sciences
- Food Processing
- Automotive Aftermarket
- Utilities

KEY FEATURES & BENEFITS

- Protective multi-layer barrier fabric effective against numerous chemicals
- Highly visible bright yellow color for improved worker safety
- Lightweight and durable
