

多用途

轻型应用

Versatile, high dexterity protective gloves designed for dry to slightly oily environments

- **Augmented dexterity:** By combining a seamless knitted liner with an elasticized knitwrist dipped into black polyurethane coating, these high-quality gloves provide better flexibility, dexterity and durability than standard cotton canvas and thick cotton gloves
- **Improved practicality** Available in sizes 5 to 11 and featuring an overedge color code, EDGE[®] 48-123 black safety work gloves are more cost-effective, as they show less dirt and are discarded less quickly
- **Guaranteed comfort:** EDGE[®] 48-123 protective work gloves possess a seamless structure that offers good pliability, allowing a full range of movements while enhancing hand safety

行业

- 汽车
- 汽车售后市场
- 原始设施维护
- 电子产品
- 油气
- 机械和设备
- 运输

应用

- 小工件装配
- 一般处理
- 包装
- 检查 (拣选、检查和标记)

关键特征

- **13-gauge polyester liner:** Flexibility, dexterity and comfort assured
- **Black exterior:** Masks dirt and grime, to ensure longer, repeated use
- **Seamless structure:** For comfortable and continuous wear safety gloves
