

Oil

Heavy Duty

Heavy-duty nitrile-coated gloves with a jersey liner, for robust all-round hand protection

- **Heightened durability:** Stronger and more flexible than PVC, with three times greater durability than heavy-duty leather alternatives, ActivArmr® 27-805 nitrile-coated work gloves meet ANSI and EN level 4 standards for abrasion resistance and are particularly suited to oily and greasy conditions
- **Optimized comfort:** Designed with wearer comfort in mind, ActivArmr® 27-805 heavy-duty gloves possess a cotton jersey liner, which enhances their breathability, flexibility and overall user-friendliness
- **Reduced surface defect risks:** ActivArmr® 27-805 abrasion-resistant gloves are also silicone-free, making them excellent for applications involving metals or automotive manufacture

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components
- Opening furnaces draining pumps valves or lines and crackers BTX process

Key Features

- **Unique nitrile formulation:** Tough, hardy abrasion resistance*
- **Cotton jersey liner:** For protective gloves that ensure optimal comfort
- **Silicone-free design:** Suitably clean for metal and motor manufacture

*3x greater durability than standard leather alternatives

Performance Standards & Regulatory Compliance
