

Encapsulated chemical protective suit designed for use with air-fed/supplied systems.

- **Specialized protection:** The AlphaTec 3000 AVANT AIRline Ultrasonically Welded & Taped - Model 754 full body protection suit offers proven protection as it has been tested against over 200 chemicals.
- **Enhanced features:** The panoramic visor design of this protective body suit ensures the wearer has a good field vision
- **Genuine versatility:** This full chemical protection suit's HEPA filter offers both secondary protection from airline contamination and an SMC silencer that keeps noise inside the suit below 70 dB (even at maximum airflow)
- **Considered aesthetics:** The AlphaTec 3000 AVANT AIRline Ultrasonically Welded & Taped - Model 754 features an attached sock with elasticated boot overflap, which is designed to be worn inside chemical protective boots with the leg overflap worn outside, to reduce the potential for chemical ingress

Industries

- Life Sciences
- Chemical
- Food Processing
- Industrial
- Law Enforcement
