

Previously known as: TRELLECHEM® Splash 600

### Basic and reusable, splash safety coveralls, protecting against chemical sprays.

- **Everyday usability and convenience:** The AlphaTec® 66-300 Model 122 chemical protective suit is ideal for everyday tasks, as it is versatile, reusable and comes in three models that include attached boots
- **Optimized defenses and comfort:** Designed with strong, flexible and anti-static material, this full-body protection suit affords both comfort and safety
- **Added protection:** Besides shielding against chemical sprays in low-risk environments, this red hazmat PPE protects against chemicals and biohazards such as alkalis, acids and infective agents
- **Certified performance:** In addition, these reusable chemical-resistant coveralls comply with EN 14605:2005, Type 4 (spray-tight) requirements
