

Reusable and individually packed food grade nitrile gloves with cotton flocking

- **Food handling compliance:** AlphaTec® 79-340 nitrile gloves feature cotton flocking and are suitable for handling and processing food items
- **Increased practicality:** These light-duty, reusable gloves are individually packed for improved practicality and hygiene
- **Guaranteed convenience:** AlphaTec® 79-340 protective gloves' straight cuffs ensure an easy turn down
- **Added protection:** As these safety gloves are made of a nitrile compound, they are ideal for applications where natural rubber latex gloves cannot be used
- **Heightened flexibility:** These green hand protection gloves also grant outstanding flexibility, even in cold conditions

Industries

- Food Processing
- Janitorial / Sanitation

Applications

- Food processing and meat packing applications
- All food processing applications that have food contact
- Janitorial use
- Poultry Processing

Previously known as: Eco Green 398

Key Features

- **Suitable for food contact:** Ensuring optimal hand protection
- **Pair packed:** For truly convenient and practical food handling gloves
- **Straight cuff for easy turn down:** Easy donning and doffing assured

Vulcanization Chemical Accelerators

- Zinc Diethyldithiocarbamate
- Zinc 2-mercaptobenzothiazole

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
