

Previously known as: Universal 87-665

Light-duty natural latex rubber gloves, combining tactile sensitivity and tensile strength

- **Enhanced sensitivity and strength:** Made from 100% natural latex rubber, AlphaTec® 87-665 durable work gloves are the standard choice in their segment, combining tactile sensitivity with excellent tensile strength
- **Elevated comfort:** As these hand protection gloves feature 100% cotton flocking, they grant wearers a softer feel and absorb perspiration
- **Assured cleanliness:** These blue protective gloves are specially treated with chlorine, maximizing cleanliness and minimizing allergic reaction risks

Industries

- Automotive
- Chemical
- Oil and gas
- Maintenance
- Janitorial / Sanitation

Applications

- Chemical processing and preparation
- Janitorial use
- Light assembly tasks
- Maintenance of plant and machines

Previously known as: Universal 87-665

Key Features

- **100% natural latex rubber:** A balance of sensitivity and tensile strength
- **Pure cotton flocking:** Sweat and moisture absorption, for increased comfort
- **Chlorination treatment:** Improved cleanliness, fewer allergy risks

Vulcanization Chemical Accelerators

- Natural rubber proteins
- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
