

Robust, food handling-compliant PVC gloves, granting superb chemical protection and grip

- **Heightened protection:** Thanks to their special nitrile and PVC formulation, AlphaTec® 04-004 industrial gloves combine advanced chemical protection*, abrasion resistance and flexibility, even at low temperatures
- **Food handling compliance:** These latex-free safety gloves also meet EU and FDA food processing and hygiene standards, making them ideal food safety gloves for various applications
- **Increased comfort:** Their 13-gauge seamless cotton design ensures a superb balance between wearer comfort and hand protection
- **Enhanced grip:** These AlphaTec® gloves also feature a unique foam grip design that repels oil with ease, while ensuring excellent grip performance in wet and oily environments
- **Advanced ergonomics:** In addition, AlphaTec® 04-004 heavy-duty gloves boast an ergonomic hand shape that promotes wearer comfort and ease of use

*6 chemicals certified (JKLMPT) out of 18 EN ISO 374:2016; an additional 5 chemicals (AFNOS) have achieved a permeation level 2 or higher in an accredited lab

Industries

- Food Processing
- Infrastructure Maintenance
- Maintenance
- Chemical

Applications

- All food processing applications that have food contact
- Chemical Handling
- Maintenance
- Cleaning
