

Durable light blue medium-duty nitrile gloves, for assured chemical-resistant food handling

- **Reduced contamination risks:** AlphaTec® 37-520 chemical-resistant food handling gloves feature a chlorinated treatment, lessening the risk of product contamination when handling
- **Elevated comfort:** Thanks to their cotton flocking, these protective gloves are better at absorbing moisture and perspiration, offering enhanced comfort while facilitating donning and doffing
- **Enhanced grip:** AlphaTec® 37-520 safety gloves also feature a raised grip surface pattern, improving grip levels, for safer handling
- **Specialized protection:** In addition, these nitrile gloves guard against potentially hazardous solvents and oil-based chemicals

Industries

- Food Processing
- Chemical

Applications

- Dairy Processing
- Fruit and Vegetable Processing
- Poultry Processing
- Prepared Meals
- Processing

Previously known as: VersaTouch® 37-520

Key Features

- **Chlorinated surface:** Lesser risk of product contamination
- **Cotton flocking:** For comfortable, more absorbent safety gloves
- **Raised grip pattern:** Enhance grip, for more confident handling

Vulcanization Chemical Accelerators

- Zinc Dibutyldithiocarbamate (ZDBC)

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
