

Cut

Heavy Duty

## Robust abrasion, cut and heat-resistant gloves, delivering a good grip and flexibility

- **Increased comfort and dexterity:** These industrial gloves feature a seamless liner and knitted wrist that deliver good sensitivity, fit and cushioning
- **Heightened durability and protection:** EDGE<sup>®</sup> 48-703 safety work gloves offer a high level of abrasion resistance and medium cut protection, and their leather palm boasts a good grip in dry and slightly oily environments
- **Enhanced defenses:** In addition, these protective gloves provide EN 407 level 1 contact heat protection, making them ideal for workers handling hot equipment, parts and objects

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Oil and gas

### Applications

- Handling slightly oily metal parts and sheets
- Stamping press shop
- Primary assembly

### Key Features

- **Seamless design and knitted wrist:** Combining comfort and dexterity
- **Leather palm:** For hand protection gloves with a good grip performance
- **Thermal resistance:** Ability to confidently handle hot components

### Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

EN388: 2016

4X43D

EN 407

X1XXXX
