

Previously known as: Econohands™ 87-190

## Extra-thin natural latex rubber gloves, offering excellent tactile sensitivity for light-duty tasks

- **Heightened tactile sensitivity:** With just 0.35mm/18.8 mil thickness, AlphaTec® 87-190 natural rubber latex work gloves are extra-thin, resulting in excellent tactile sensitivity
- **Elevated comfort:** These high-dexterity work gloves also feature pure cotton flock lining, which absorbs sweat and makes sustained wear more comfortable
- **Reduced allergy risks:** Thanks to a special chlorination treatment, these light-duty AlphaTec® industrial gloves are also less likely to cause an allergic reaction

ADVANCED CHEMICAL PROTECTION

## 87190

Extra thin natural rubber glove for excellent sensitivity

Previously known as: Econohands™ 87-190

### Key Features

- 0.35mm/18.8 mil thickness: Superb sensitivity levels
- 100% cotton flock lining: Reduced sweat, greater comfort
- Chlorination treatment: Allergic reactions minimized

### Vulcanization Chemical Accelerators

- Natural rubber proteins
- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards

0493

1000X
