PERSONAL PROTECTIVE GEAR

## Electrical Insulating Gloves Class 2 - RIG216Y

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E008

Electrical

Medium Duty

## Sturdy, high-voltage electrical protection gloves offering flexible and comfortable hand protection

- **Heightened durability and flexibility:** ActivArm<sup>®</sup> Electrical Insulating Gloves Class 2 - RIG216Y are manufactured from natural rubber latex, via an environmentally friendly dipping process, ensuring durable, flexible protection
- **Advanced ergonomics:** These electrical insulated gloves' non-splayed fingers and hand-at-rest form also ensure lesser hand fatigue
- **Elevated comfort:** Thanks to a flared cuff design, these electrical protection gloves ensure ample room for clothing and remain ventilated
- **Specialized defenses:** They can also tolerate a touch voltage of AC $\geq$ 17000 V (DC $\geq$ 25500)
- **Increased practicality:** For easier donning and doffing, they have a smooth, case-hardened finish
- **Certified protection:** They boast EN Category R certification\*, Class 2 arc flash protection\*\* and resist very low temperatures\*\*\*, while also satisfying relevant CSA, NFPA and OSHA standards

\*for passing A+Z+H properties (as required by EN standards)

\*\*in accordance with EN 61482-1-2

\*\*\*Category C

### Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

### Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires
