

Previously known as: MICROGARD[®] 2000 STANDARD SOCO - Model 128

Advanced, breathable microporous laminate protective suit, designed for forensic applications.

- **Specialized protection:** The AlphaTec[®] 2000 STANDARD Bound SOCO - Model 128's ultra-low-linting fabric limits crime scene contamination risks for SOCOs and offers light chemical resistance*, namely withstanding low concentration liquid chemicals and liquid and particulate biological hazards
- **Advanced breathability:** This protective suit's microporous polyethylene nonwoven material also ensure water vapor permeability, resulting in lesser heat stress
- **Assured antistatic capabilities:** It also complies with EN 1149-5 antistatic standards
- **Enhanced fit and features:** Its optimized fit and finger loops enhance comfort and user-friendliness, convenient self-adhesive pockets can be positioned anywhere to secure equipment, while a two-piece hood and a two-way front zipper with resealable storm flap ensure practicality

*CE Category III Type 5/6 protection

Industries

- Defense

Applications

- Crime Scene Investigation (CSI)
- Forensics

KEY FEATURES & BENEFITS

- **Protective barrier:** Protects against low concentration liquid chemicals and biological hazards
- **Ultra-low-linting fabric:** Fewer crime scene contamination risks
- **Microporous laminate material:** Heat stress relief for wearers

Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL, 3XL, 4XL, 5XL
Color	White
Country Of Origin	China
Packaging Overview	Individually Packed
Product Material	Microporous polyethylene Laminate non-woven
Product Reference	2000 STANDARD SOCO - Model 128
Standards Overview	CE CATEGORY III (Type 5-B, Type 6-B, EN 1073-2, EN 14126, DIN 32781, EN 1149-5)
Seam Type	Bound
Shelf Life	5 years
Style Number	W20B128
