

DISPOS-A-GLOVE® Non-Sterile

Essential Series

Synthetic, non-sterile medical exam glove ideal for frequent glove changes

- **Reduced allergy risk:** This non-sterile, synthetic glove is made from copolymer materials (ethylene vinyl acetate film), making it suitable for use by individuals with allergies to natural rubber latex
- **Heightened sensitivity:** These powder-free gloves also offer good tactile sensitivity to the wearer
- **Double gloving-friendly:** These gloves can suitably be used as a glove liner for increased protection
- **Cost-effective:** This synthetic glove is offered at a competitive price point
- **Easy donning:** These gloves are packaged on backing paper, making them easy to don

Recommended For

- Brief, low-risk examination procedures
- Protection from Type I latex allergy in HCW's or patients
