

MICRO-TOUCH® Micro-Thin™ White Nitrile

Standard Thin

Gloves offering excellent dexterity, along with exceptional comfort, fit and feel

- **Comfortable material:** MICRO-TOUCH® Micro-Thin™ White Nitrile is a non-sterile glove made with a thinner formulation, providing exceptional comfort, fit and feel
- **Heightened sensitivity:** These gloves provide excellent tactile sensitivity and dexterity, making them ideal for a variety of clinical procedures, including palpating veins and starting IVs
- **Secure grip:** The textured surface of the glove promotes sure handling of materials and instruments
- **Smart packaging:** 200 gloves per box/dispenser reduces restocking and reorders
- **Specialized protection:** These gloves are tested for use with chemotherapy drugs* and are also food handling-compliant

*see product packaging for details

Recommended For

- Enhanced tactile sensitivity and dexterity, especially for delicate procedures
- Protection from Type I latex allergy in HCW's or patients
- Brief, low-risk examination procedures
- Environmentally friendly facilities

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH® Micro-Thin™ White Nitrile

Standard Thin
