

R-314

Impact gloves with a special grip system for search and rescue operations

Impact Abrasion Protection

Durable extrication gloves, featuring a rugged grip system designed for search and rescue

- Specialized protection: RINGERS® R314 extrication gloves are developed with a patented TPR (thermoplastic rubber) design and F3 Technology™, ensuring impact protection, comfort and dexterity
- Enhanced grip: They feature a special grip system around the palm and fingers, for stronger, longerlasting grip
- Added defenses: Specially designed for search and rescue operations, these RINGERS® gloves also feature Kevlar® stitching around the palm, offering moderate cut resistance
- Enhanced features: An extended cuff with gaiter closure helps keep out debris, while their increased visibility material with reflective detailing increases overall hand safety

Industries

- Oil and gas
- Mining
- Emergency Medical Services

Applications

- Rescue extraction from confined spaces
- Operating of heavy machinery
- · Crushing and unloading ore
- Shipping and loading of product
- Vehicle Maintenance

R-314
