

High-visibility multi-layer protective suit, designed to withstand multiple chemical hazards.

- **Reinforced protection:** The AlphaTec® 3000 Ultrasonically Welded & Taped - Model 121-G02 protective suit features a multi-layered protective barrier, capable of withstanding a range of inorganic chemicals and biohazards
- **Enhanced features:** It is also designed with dual-zip systems and double cuffs, for even more robust barrier protection
- **Increased visibility:** Thanks to its bright yellow color, this protective outer garment also remains highly visible in low-lit environments, for enhanced wearer and workplace safety
- **Assured antistatic properties:** This AlphaTec® protective suit also complies with EN 1149-5 antistatic standards

*CE Category III Type 3/4/5/6 protection

Industries

- Chemical
- Mining
- Oil and gas
