

## Comfortable PVC-coated gloves, offering dexterity and pliability, even at low temperatures

- **Specialized protection:** With full PVC coating, AlphaTec® 04-644 safety gloves provide chemical splash protection against a wide range of potentially harmful industrial chemicals
- **Improved durability:** These protective gloves also feature a unique rough finish, resulting in stronger grip performance in both wet and oily conditions, and superior abrasion protection
- **Increased comfort:** AlphaTec® 04-644 industrial gloves are made with a 13-gauge knitted cotton liner, delivering flexibility and comfort with reduced hand fatigue, for optimal efficiency

### Industries

- Chemical
- Oil and gas
- Infrastructure Maintenance

### Applications

- Filling, blending and charging of raw materials
- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Loading and unloading of process equipment
- Transferring liquids and solids between vessels and tanks and process equipment
- Supervision of running operation

Previously known as: Snorkel™ 04-644

#### Key Features

- **Fully dipped PVC coating:** Splash protection from hazardous chemicals
- **Rough finish:** For PVC gloves that offer strong grip in wet/oily conditions
- **13-gauge knitted liner:** Lightweight comfort, enhanced flexibility
