

Previously known as: MICROGARD® 2000 Apron with Sleeves - Models 214

Silicone-free protective apron with sleeves, made from breathable microporous laminate material.

- **Specialized protection:** This AlphaTec® protective apron with sleeves delivers excellent barrier protection against low-concentration liquid chemicals, liquid and particulate* biological hazards
- **Heightened breathability:** Microporous laminate technology ensures water vapor (perspiration) can escape easily, resulting in a safety apron that provides breathable comfort
- **Reduced contamination risks:** This apron's low-linting microporous polyethylene laminate nonwoven material is also silicone-free, reducing contamination risks and remaining paint and finish process friendly
- **Enhanced features:** Sleeves offer more comprehensive barrier protection, while bound seams ensure superior strength and a combination of rear Velcro® fastening and elasticated wrists facilitate a more comfortable fit

*filters 100% of particulates down to 0.01 microns in size

Industries

- Life Sciences
- Metal fabrication
- Food Processing

Applications

- Clean room cleaning and preparing
- Production line support & maintenance
- Maintenance of plant and machines
- Veterinary Services
- Cleaning of plant and machines
- Body painting including surface inspection

KEY FEATURES & BENEFITS

- **Protective barrier:** Low-concentration liquid chemicals, liquid and particulate biohazards
- **Low-linting microporous laminate:** Fewer contamination risks, better ventilation
- **Silicone-free formulation:** Paint and finish process friendly

Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL, 3XL
Color	White
Country Of Origin	China, Sri Lanka
Packaging Overview	Individually packaged
Product Material	Microporous polyethylene Laminate non-woven
Product Reference	2000 Apron with Sleeves - Model 214
Standards Overview	CE CATEGORY III (Type PB (6)-B, EN 14126)
Seam Type	Bound
Shelf Life	5 years
Style Number	W20B214
