

Seamless PVC gloves with a comfort-enhancing fleece effect, protecting wearers against chemicals and oils

- **Specialized protection:** AlphaTec® 04-002 protective gloves are made with a unique, flexible PVC and nitrile formulation, which guards against oils, grease and various chemicals
- **Added comfort:** Their seamless knitted design, with a fleece effect, ensures hand protection in comfort, while an ergonomic shape offers excellent fit and feel
- **Enhanced grip:** Thanks to their special rough finish, these durable work gloves grant wearers excellent grip over wet or oily objects
- **Food handling compliance:** Satisfying relevant FDA and EU food safety requirements, these AlphaTec® gloves remain flexible at low temperatures, making for excellent cold storage food handling gloves

Industries

- Food Processing
- Energy
- Infrastructure Maintenance
- Maintenance
- Chemical
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication

Applications

- All food processing applications that have food contact
- Chemical Handling
- Maintenance
- Cleaning

Key Features

- **PVC and nitrile formulation:** Resistance to oils, grease and chemicals
- **Seamless liner with fleece effect:** For safety gloves with added comfort
- **Special rough grip:** Excellent grip for handling wet or oily objects
