

Made from superior breathable microporous laminate technology to provide superior protection from low hazard liquid spray and fine particulates..

- **Specialized protection:** The AlphaTec™ 2000 STANDARD Bound - Model 111 grants wearers moderate chemical protection*, resisting liquid and particulate biological hazards (including radioactive particulates**)
- **Added defenses:** This protective body suit also meets EN 14126 and ASTM F1670/1671 standards for bloodborne pathogen protection and DIN 32781 requirements for pesticide resistance
- **Advanced breathability:** The use of microporous polyethylene laminate nonwoven fabric makes it water vapor-permeable, reducing heat stress
- **Assured antistatic capabilities:** In addition, this protective suit satisfies EN 1149-5 antistatic standards
- **Reduced cross contamination risks:** Low-linting fabric lessens cross contamination risk in critical areas
- **Limited allergy and surface defect risks:** Latex- and silicone-free by design, risks of Type IV latex allergies or contaminant transfer to metal when spray-painting are minimized
- **Enhanced fit and features:** This chemical-protective suit's optimized fit and finger loops enhance comfort and user-friendliness, while a three-piece hood provides added protection and a two-way front zipper with resealable storm flap enhance practicality

*CE Category III Type 5/6 protection

**in accordance with EN 1073-2 standards

Industries

- Automotive
- Food Processing
- Defense

Applications

- Veterinary Services
- Production line support & maintenance
- Maintenance of plant and machines
- Clean room cleaning and preparing
- Cleaning of plant and machines

KEY FEATURES & BENEFITS

- ◊ Proven protective barrier to low concentration liquid chemicals, liquid & particulate biological hazards
- ◊ Comfortable to wear featuring moisture vapor permeable fabric ("breathable") to help reduce the risk of heat stress
- ◊ Optimized body fit, improving wearer comfort and safety
- ◊ Anti-static, tested according to EN 1149-5

Product Information

Product Information	
Available Sizes	S, M, L, XL, 2XL, 3XL, 4XL, 5XL
Color	White
Packaging Overview	Individually Packed
Product Material	Microporous polyethylene Laminate non-woven
Product Reference	2000 STANDARD - Model 157
Standards Overview	CE CATEGORY III (Type 5-B, Type 6-B, EN 1073-2, EN 14126, DIN 32781, EN 1149-5)
Seam Type	Bound
Shelf Life	5 years
Style Number	W20B157

Suit components & accessories

Suit Components and Accessories	
Design Features	Coverall, 3-piece hood, 2-way front zipper with resealable storm flap, finger loops. Elasticated hood, waist, wrists and ankles.
