

Oil

Heavy Duty

## Oil-repellent nitrile-coated work gloves, for tasks requiring durability and resistance to sharp materials

- **Enhanced flexibility and durability:** ActivArmr® Hycron® 27-810 nitrile-coated gloves offer greater flexibility than PVC-coated gloves, as well as three times more durability than heavy-duty leather alternatives
- **Specialized protection:** Their unique nitrile formulation also ensures robust hand protection against sharp and abrasive materials, as well as oil and grease
- **Enhanced features:** ActivArmr® Hycron® 27-810 work gloves feature a long safety cuff, further boosting hand and wrist protection
- **Reduced surface defect risks:** Silicone-free by design, they are ideal for metalworking and motor manufacture, averting any contaminant transfer to paint before painting
- **Elevated comfort:** These ActivArmr® gloves' cotton jersey fabric also grants wearers optimal comfort, for less strenuous everyday hand protection

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

### Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components
- Opening furnaces draining pumps valves or lines and crackers BTX process

## Key Features

- **Nitrile formulation:** Flexibility, durability, abrasion resistance\*
- **Long safety cuff:** Enhanced hand and wrist protection
- **Silicone-free design:** Assured cleanliness for metal and motor manufacture

\*3x more durability than heavy-duty leather alternatives

## Performance Standards & Regulatory Compliance
