

Previously known as: TRELLECHEM® Splash 900

### Reusable, rear-entry full-body splash protective suit, providing liquid-tight protection.

- **Strengthened defenses:** AlphaTec® 66-330 Model 151-G09 reusable chemical protective suits offer rear-entry full-body splash protection
- **Improved comfort and safety:** By infusing anti-static properties within a strong, soft and flexible fabric, this hazmat suit affords comfort without compromising protection
- **Enhanced protection:** This greenish-yellow full-body protection suit provides good protection against alkalis, acids and infective agents
- **Certified performance:** In addition, this hazmat splash suit has been tested against EN 14605:2005, Type 3 (liquid-tight) standards
