

# MEDI-GRIP® Latex

S U R G I C A L   G L O V E S

## Latex, powder-free surgical glove with a unique external surface treatment for a safe and secure grip

### KEY FEATURES & BENEFITS

- Good handling and grip achieved through a unique external surface treatment
- Soft and malleable latex formulation provides ample dexterity and good comfort
- Made using anatomic formers to enhance comfort and fit

*CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.*

### Recommended For

- Brief, low-risk examination procedures
- Extra comfort during long, sustained procedures
- Sterile procedures in the O.R.
- Use as an outer glove when double gloving

**MEDI-GRIP®**  
Everyday Protection you can  
Depend on

Trusted around the world to deliver the every day protection surgeons, O.R. nurses and surgical technicians can depend on to perform their daily tasks safely and comfortably.
