

Previously known as: MICROCHEM® 3000 PAPR - Model 700

Anti-static, yellow chemical protection suit with panoramic visor design, compatible with Sundstrom SR500/SR500EX PAPR units.

- **Augmented defenses:** AlphaTec® 3000 PAPR - Model 700 fully encapsulated chemical-resistant coveralls provide superb personal protection
- **Heightened protection:** This protective suit features welded as well as taped seams, the highest barrier to liquids and particulates, and is compatible with Sundstrom SR500/SR500EX PAPR units
- **Enhanced safety:** These yellow chemical coveralls possess double elasticated cuffs that enable a liquid-tight connection with chemical protective gloves, including attached socks with boot over-flap
- **Optimized ventilation:** These chemical coveralls are designed with an air-permeable SMS collar that effectively maintains a breathable environment within the suit

Industries

- Chemical
- Mining
- Oil and gas
- Life Sciences
- Fire and Rescue

Applications

- Contaminated Environments
- Chemical Handling
- Hazmat response
- Emergency Response
- Decontamination

KEY FEATURES & BENEFITS

- **Lightweight Multi-Layer Barrier:** Protection Against Chemical Hazards
- **Welded and taped seams:** Excellent liquids and particulates barrier
- **Double elasticated cuffs:** Liquid-tight connection with chemical gloves
