

Previously known as: TRELLCHEM® Splash 1500

## Reusable splash protective coveralls, designed for first responders in chemical accidents.

- **Specialized protection:** AlphaTec® 66-300 Model 146 reusable chemical protective coveralls comes with a hood and hood, and are specially designed for first responders in chemical accidents
- **Enhanced defenses:** This protective suit fits on top of fire turnout gear and SCBA, granting enhanced safety levels
- **Increased comfort and convenience:** As this hazmat suit is made of strong yet soft and flexible fabric, it ensures wearer comfort and requires minimum storage space
- **Improved protection:** Thanks to its biological and chemical resistance, this greenish-yellow anti-static suit safeguards against alkalis, acids and infective agents
- **Certified performance:** In addition, this full-body protection suit is certified to EN 14605:2005, Type 4 (spray-tight) standards
