

## CE-certified, PVC gloves, combining chemical and mechanical resistance with excellent grip (Length: 360mm/14")

- **Enhanced durability:** Fully-coated with PVC, EDGE<sup>®</sup> 14-663 safety gloves ensure greater flexibility and comfort while guarding hands against chemical, mechanical and biological hazards, making them ideal for workers exposed to oils, greases, acids, caustics and alcohols
- **Optimized protection:** These durable work gloves feature a rough, non-slip finish on the palm, fingers and back of hand, offering an excellent grip in wet and oily conditions while protecting against abrasions
- **Reduced risks:** CE-certified, EDGE<sup>®</sup> 14-663 industrial gloves meet European safety, health and environmental protection requirements and are highly cost-effective PVC work gloves for chemical protection

### Industries

- Oil and gas
- Chemical
- Manufacturing
- Infrastructure Maintenance
- Food Processing
- Utilities

### Applications

- Chemical processing and preparation
- Handling dry, wet or oily large objects
- Maintenance of plant and machines

### Key Features

- **PVC coating:** Protective gloves with optimized comfort and flexibility
- **Non-slip finish:** Gloves with grip enhanced by rough, non-slip surface
- **CE compliance:** For assured safety and high-quality work gloves
