

Previously known as: Hylite™

Oil

Medium Duty

Fully dipped nitrile-coated gloves, offering a sturdy alternative to light leather, cotton or PVC gloves

- **Assured protection:** ActivArmr® 47-402 work gloves feature a fully dipped nitrile coating, delivering mechanical protection, oil repellency, abrasion resistance and flexibility
- **Enhanced durability:** Thanks to this hard-wearing nitrile coating, these industrial gloves outwear PVC-coated alternatives by a margin of 3 to 1, light leather by 5 to 1 and cotton by 12 to 1
- **Elevated comfort:** An interlock knit lining and range of available sizes mean these medium-duty nitrile-coated gloves offer truly comfortable hand protection
- **Optimized usability:** Their ergonomic design is shaped to natural hand contours, for ease of use over long, sustained periods of time
- **Reduced surface defect risks:** Silicone-free, they maintain the cleanliness of metal sheets they come in contact with, preventing contaminant transfer prior to painting

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

Applications

- Handling metal sheets & panels
- Chassis assembly, body trimming
- Final assembly
- Inspection (picking, checking and marking)
- Cutting glasses, sheets, panels
- Fabricating metal parts, glass sheets
- Assembly & inspection of components
- Warehousing of raw materials
- Loading and unloading trucks and vehicles
- Handling incoming goods

Previously known as: Hylite™

Key Features

- **Nitrile formulation:** Abrasion resistance, oil repellency and flexibility
- **Interlock knit lining and generous sizing:** High levels of comfort
- **Contoured ergonomic hand shape:** Better for long, sustained wear

Performance Standards & Regulatory Compliance
