

Previously known as: Scorpio™ 19-938

Heavy-duty neoprene gloves, granting excellent mechanical and chemical protection

- **Optimized defenses:** Made tough to outlast most ordinary neoprene-coated gloves, AlphaTec® 19-938 chemical gloves offer premium quality for maximum protection against oils, acids, caustics and solvents
- **Reinforced grip:** These safety gloves possess a dipped rough finish, providing durability and a good grip on wet surfaces
- **Increased protection:** In addition, these heavy-duty industrial gloves shield hands from snags, cuts, abrasions and punctures
- **Food handling compliance:** As these food safety gloves comply with the FDA food handling requirements (21 CFR 177.2600), they are also suitable for food processing and service applications

Industries

- Automotive
- Machinery and Equipment

Applications

- Use of cleaning tools and robotic equipment
- Painting or cleaning tools or robots

Previously known as: Scorpio™ 19-938

Key Features

- **Premium quality:** Maximum chemical protection assured
- **Dipped rough finish:** For easier and safer handling in wet conditions
- **Fabric lining:** Improved protection against mechanical hazards
