Medium Duty

## High-visibility protective arm sleeves, ensuring user safety while offering superb comfort

- **Elevated comfort:** HyFlex® 11-202 arm protection sleeves are designed to provide a comfortable fit, offering plentiful space in the arm area, thereby reducing sweating and itchiness
- **Augmented dexterity:** The anatomical design of these protective arm sleeves is paired with a VELCRO® strap system, for an optimized fit and freedom of movement, for trouble-free productivity
- **Assured safety:** Their high-visibility exterior enhances safety and prevents workplace injuries
- **Heightened protection:** These protective sleeves also offer EN 407 level 1 thermal protection, safeguarding against heat up to 100°C/212°F, and meet ANSI/ISEA 105-2024 CUT A3 and EN ISO C protection standards to guard against lacerations

### Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication

### Applications

- Handling structural and body components
- Inspection, selecting, checking parts
- Body panel repair and replacement
- Glass repair and replacement
- Seizing structural and body parts
- Inspection (picking, checking and marking)
- Touching up
- Press shop operations
- Metalwork, glass processing

### Key Features

- **Generous arm space:** Itchiness and sweating reduced, for added comfort
- **Anatomical design:** Extra freedom of movement, heightened productivity
- **High-visibility color:** More noticeable, for improved workplace safety
