

# MEDI-GRIP® Latex Powder-Free

S U R G I C A L   G L O V E S

## Latex, powder-free surgical gloves with a micro-textured finish for secure instrument handling

- **Enhanced grip:** The unique external surface treatment and micro-textured finish of MEDI-GRIP® Latex Powder-Free surgical gloves enables the glove wearer to securely grip medical instruments for safe handling under dry or damp conditions
- **Elevated comfort:** The unique anatomic formers and soft latex formulation of these powder-free sterile gloves ensure excellent fit and feel, offering prolonged comfort during long procedures and low risk examinations
- **Excellent dexterity:** Their soft, malleable formulation ensures dexterity to support easy manipulation of surgical instruments being used
- **Chemo-tested:** Tested to ASTM D6978, MEDI-GRIP® Latex Powder-Free gloves are safe to use with a wide range of chemotherapy drugs\*

**CAUTION:** Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

\*Contact Ansell Customer Service for specific chemotherapy drug permeation times and recommendations
