

R260

Impact protection with a cotton palm for the O&G industry.

Heavy-duty impact protection gloves, featuring a durable, cut-resistant cotton palm

- Specialized protection: RINGERS[®] R260 heavy-duty impact gloves have been developed with F3 Technology[™] and a patented TPR (thermoplastic rubber) design, delivering impact protection with dexterity and comfort
- Improved durability: Their high-grade corded cotton palm extends wear life and offers cut resistance, making these work gloves suitable for applications across the oil and gas industry
- Increased visibility: In addition, these impact gloves feature a high-visibility external surface, for a more noticeable appearance and improved workplace safety as a result
- Enhanced features: Equipped with an extended neoprene wrist closure featuring a TPR pull tab, they offer added security and improved overall safety

Industries

- Oil and gas
- Construction
- Mining
- Machinery and Equipment

Applications

- Engagement and release of drill string slips
- Chaining up pipes
- Installation and dismantling of rigs
- Assembly and disassembly of large pipes
- Unloading and stacking pipe
- Scaffolding
- Loading and hauling
- Valve line maintenance and repair
- Heavy machine operation
- Equipment maintenance and repair
- Pipe handling

R260

Impact protection with a cotton palm for the O&G industry.

Key Features

- Extended neoprene wrist closure with TPR pull tab: Enhanced
- Premium-grade cotton palm: Enhanced durability and cut resistance
- Increased visibility glove: Highly noticeable, for heightened safety

Performance Standards & Regulatory Compliance
