

# Electrical Insulating Gloves Class 0 -RIG014Y

Form-fitting electrical insulating gloves, blending comfort, durability and flexibility

## Previously known as: E016Y

Electrical

Light Duty

# Durable, form-fitting electrical safety gloves, protecting workers\* in flexible comfort

- Heightened durability and flexibility: Made from latex, using an environmentally friendly dipping process, ActivArmr<sup>®</sup>Electrical Insulating Gloves Class 0 - RIG014Y are flexible and durable
- Advanced ergonomics: These electrical insulated gloves' non-splayed fingers and hand-at-rest shape limit hand fatigue
- Elevated comfort: A flared cuff leaves room for clothing and ventilation
- Increased practicality: Their smooth finish makes for easy donning and doffing
- Specialized defenses: They are arc flash certified (APC 1 in combination with 96-002 leather gloves), can withstand a touch voltage AC maximum of 1000 V (DC maximum 1500) and tolerate acid, ozone and very low temperatures\*\*
- Certified protection: They also comply with relevant CSA, NFPA and OSHA standards for electrical protection gloves \*In accordance with EN 61482-1-2 \*\*Category A, Z and C respectively

#### Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

#### Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

# Electrical Insulating Gloves Class 0 -RIG014Y

Form-fitting electrical insulating gloves, blending comfort, durability and flexibility

Previously known as: E016Y

### **Key Features**

- Natural rubber latex formulation: Great flexibility and durability
- **Ergonomic design:** For electrical PPE that causes minimal hand fatigue
- Generous flared cuff: Adequate space for both clothing and ventilation \*Arc flash certified as per IEC 614821-2:2014 and ATSM F2675:2021 standards

### **Performance Standards & Regulatory Compliance**

### **Specifications**
