

23-202

Mediumweight PVC supported glove with cotton & acrylic double lining

Previously known as: VersaTouch® 23-202

Comfortable PVC gloves with an acrylic liner, protecting hands at very low temperatures

- Enhanced grip: Combining a rough sandblast finish around the hand and a smooth finish on the cuff, AlphaTec[®] 23-202 PVC-coated gloves ensure secure grip over wet or slippery objects and moderate chemical resistance
- Optimized comfort: Featuring a 13-gauge seamless knitted cotton liner and inner polar fleece, these safety gloves protect wearers at temperatures as low as -30°C/-22°F, keeping hands warm immediately after donning
- Food handling compliance: AlphaTec[®] 23-202
 protective gloves are suited to a wide range of
 food processing applications, complying with
 relevant FDA and EU food handling standards

Industries

- Automotive
- Food Processing
