

66-664 Detachable Hood

Chemical-splash-resistant hood for use with AlphaTec Breathable jacket, coat and coverall.

Liquid-chemical splash resistant hood providing outstanding comfort and durability.

AlphaTec® 6666x series hood is made of polyester based fabric containing a breathable membrane. It offers exceptional liquid chemical splash protection, while also helping to manage heat stress by allowing body heat to disperse through the fabric. The worker is protected and comfortable throughout a full shift.

- Optional hood for attachment to the collar by means of a hook and loop fastenings
- Designed to accommodate a hard hat
- Chin strap
- Intended for use with 66-660 jacket, 66-663 coat or 66-667 coverall

Industries

- Chemical
- Food Processing
- Mining
- Maintenance
- Metal fabrication

Applications

- Plant disinfection and sanitization
- Chemical Handling
- Repair and maintenance
- Oil Platforms
- Mining
- Metal Plating
- Food Processing
- Sanitation
- Utilities
- Energy
- Water plants
- Pulp and Paper Production
- Transport of hazardous substances

KEY FEATURES & BENEFITS

- Optional hood attaches to the collar by means of hook and loop fastenings and features a chin strap
- Chemical splash fabric provides protection with penetration data for more than 70 chemicals
- Breathable fabric maximizes comfort, reducing the risk of heat stress and increasing productivity
- Durable laminated fabric system is machine washable for longer, cost-effective service life

Performance Standards

ASTM F1671
