AlphaTec® Solvex®

37-675

Excellent chemical protection with a good level of grip, fit and comfort

Previously known as: Solvex[®] 37-675

Thin, versatile chemicalresistant gloves that deliver comfortable hand protection

- Elevated comfort: AlphaTec[®] Solvex[®] 37-675 industrial gloves' cotton flocking absorbs sweat, for greater wearer comfort
- Augmented dexterity: Their 15 mil/0.38mm thickness results in heightened dexterity
- Specialized protection: A high-performance nitrile compound composition delivers EN 374 Type A chemical resistance
- Improved durability: Their nitrile composition offers these AlphaTec[®] gloves greater resilience than neoprene or rubber equivalents of a similar thickness, with ANSI/ISEA 105-2024 and EN ABRASION LEVEL 4
- Genuine versatility: AlphaTec[®] Solvex[®] 37-675 safety gloves are suitable in both wet and dry conditions

Industries

- Aerospace
- Automotive
- Food Processing
- Food Service
- Industrial
- Oil and gas
- Agriculture
- Machinery and Equipment
- Metal fabrication
- Utilities

Applications

- Chemical processing and preparation
- Chemical Handling
- Cleaning
- Janitorial use
- Re-fuel oil fluid and diesel
- Maintenance of plant and machines

37-675
