DISPOS-A-GLOVE® Sterile Pairs

Essential Series

Packed as a pair, these synthetic medical exam gloves are ideal for brief, sterile applications

- **Sterile:** Packaged as a pair of sterile gloves per pouch, these powder-free gloves are suitable for sterile medical exam (non-surgical) procedures
- **Reduced allergy risk:** This synthetic glove is made from copolymer materials (ethylene vinyl acetate film), making it suitable for use by individuals with allergies to natural rubber latex (Type I allergies)
- **Heightened sensitivity:** These gloves also offer good tactile sensitivity to the wearer
- **Double-gloving friendly:** DISPOS-A-GLOVE® can suitably be used as a glove liner for increased protection
- **Cost-effective:** This synthetic alternative for sterile use is offered at a competitive price point
- **Easy donning:** These gloves are packaged on backing paper, making them easy to don

Recommended For

- Sterile procedures outside of the O.R.
- Brief, low-risk examination procedures
- Protection from Type I latex allergy in HCW's or patients
