

Encapsulated chemical protective suit designed for use with air-fed/supplied systems.

- **Specialized protection:** The AlphaTec 3000 AVANT AIRline Ultrasonically Welded & Taped - Model 755 protective suit has been tested against over 200 chemicals, and is proven to provide superb protection.
- **Enhanced features:** This chemical protective suit affords a clear field of vision, thanks to its panoramic visor design
- **Genuine versatility:** In addition, this full protective suit's HEPA filter offers both secondary protection from airline contamination and an SMC silencer, which ensures noise in the suit stays below 70 dB, even at maximum airflow
- **Reduced risks:** The emergency ripcord feature of this full protective suit permits quick discarding of the suit in cases of emergency or undue distress to the wearer

Industries

- Life Sciences
- Chemical
- Food Processing
- Industrial
- Law Enforcement
