

Previously known as: MICROGARD® 2500 Overboots ESD - Model 407

Durable and breathable ESD safety overboots, designed with microporous laminate technology.

- **Certified performance:** AlphaTec® 2500 STANDARD Overboots ESD Bound - Model 407 is made of breathable fabric with the highest classifications for protection from biological agents, in accordance with EN 14126 for the penetration of blood, bodily fluids and blood-borne pathogens
- **Advanced defenses:** In addition, these chemical-resistant ESD overboots are produced with a unique material that delivers excellent strength and flexibility, as well as liquid and particulate protection
- **Reduced contamination risks:** These industrial overboots are also ideal for use in critical areas, as they are low lint, which reduces contamination risks

Industries

- Life Sciences
- Industrial
- Chemical
- Nuclear
- Law Enforcement

Applications

- Transferring liquids and solids
- Spill or leakage cleanup
- Maintenance
- Unexpected leakages spills or other releases
- Plant disinfection and sanitization
- Emergency Response
- Contaminated Environments

KEY FEATURES & BENEFITS

- **EN-certified protection from biohazards:** Reliable personal protection
- **Unique material:** Superior strength, optimal protection
- **Low linting:** Reduced risk of contamination in critical areas

Performance Standards

EN ISO 13688:2013

Product Information

Product Information	
Available Sizes	42-46, 46-48
Color	White
Country Of Origin	China, Sri Lanka
Product Material	Microporous Polypropylene Laminate non-woven
Product Reference	2500 Overboots ESD - Model 407
Standards Overview	CE CATEGORY III (Type PB (6)-B, EN 14126)
Seam Type	Bound
Shelf Life	5 years
Style Number	W25B407
