

48-705 Medium duty cut resistant industrial

Medium-duty industrial gloves, offering high abrasion and cut protection in dry conditions

- Increased comfort and protection: Composed of a seamless liner and knitted wrist, EDGE[®] 48-705 high-dexterity work gloves afford good flexibility and a close fit in cut-resistant applications
- **Tightened defenses:** Offering two levels of cut performances and ANSI level 6 abrasion resistance at an affordable cost, these high-quality work gloves offer superb value for money compared with mediumweight leather, thick cotton and aramid gloves
- Advanced durability: Reinforced with PU coating, EDGE[®] 48-705 work gloves provide stronger protection against oil than knitted, cut or sewn gloves in slightly oily environments, and good grip in dry environments

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Aeronautics
- Assembly line
- Assembling metal parts and components
- Handling sharp or irregular metal pieces
 - Molding
 - Plastic injections

Key Features

- Seamless liner and knitted wrist: Provide flexibility and a close fit
- Two levels of cut performance: Reduce injury risks, higher efficiency
- PU-coated palm: For safety gloves with oil protection and good grip
- **Vulcanization Chemical Accelerators**
- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

Performance Standards & Regulatory Compliance
