

### **ENCORE®** Latex Acclaim

SURGICAL GLOVES

# Latex, powder-free surgical gloves for a comfortable, natural fit and feel

- Superb dexterity and tactile sensitivity: The latex surgical gloves' optimal thickness, made possible because of its soft yet robust formulation, offers the wearer the dexterity and tactile sensitivity needed for safe and efficient performance
- Elevated ergonomic comfort: Together, the unique anatomic formers and soft latex formulation of these powder-free surgical gloves have resulted in certification for ergonomic comfort by United States Ergonomics
- Excellent grip: ENCORE<sup>®</sup> Latex Acclaim feature a smooth external surface with a micro-textured finish to enable safe and secure grip of medical instruments especially when conditions are wet
- Enhanced donning aid: Ansell's proprietary donning aid technology ensures effortless donning, be it the first don or during intraoperative changes
- Tested for chemo handling: These latex surgical gloves have been tested in accordance with ASTM D6978 and may be safely used to handle a range of chemo drugs\*

**CAUTION:** Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

\* Contact Ansell Customer Service for specific chemotherapy drug permeation times and recommendations

#### Recommended For

- Tested for use with chemotherapy drugs
- Extra comfort during long, sustained procedures
- Damp donning
- Use as an outer glove when double gloving

#### FEATURED TECHNOLOGIES

ENCORE®
The Confidence to Perform

Dedicated to delivering optimized solutions engineered to provide a high degree of confidence to surgeons, O.R. nurses and surgical technicians seeking protection with a high level of dexterity, comfort and grip so they can perform at their best.
