Light Duty

## Durable extrication gloves, featuring a rugged grip system designed for search and rescue

- **Specialized protection:** RINGERS® R314 extrication gloves are developed with a patented TPR (thermoplastic rubber) design and F3 Technology™, ensuring impact protection, comfort and dexterity
- **Enhanced grip:** They feature a special grip system around the palm and fingers, for stronger, longer-lasting grip
- **Added defenses:** Specially designed for search and rescue operations, these RINGERS® gloves also feature Kevlar® stitching around the palm, offering moderate cut resistance
- **Enhanced features:** An extended cuff with gaiter closure helps keep out debris, while their increased visibility material with reflective detailing increases overall hand safety

### Industries

- Oil and gas
- Mining
- Emergency Medical Services

### Applications

- Rescue extraction from confined spaces
- Operating of heavy machinery
- Crushing and unloading ore
- Shipping and loading of product
- Vehicle Maintenance
